## Environmental Conservation Commission

### ENVIRONMENTAL CONSERVATION COMMISSION MEETING MINUTES

January 10, 2023 7:00 PM

**PRESENT:** Chairmen J. Wolfgang; J Allen; D. Balassone; Z. Collister; B. Davey; M. Feldman; Councilman Geiben; Councilman Morreal

**ABSENT:** V. Polka

**GUEST(S):** Michael McInerney & Alan Davis from Modern Corp.

#### **MINUTES:**

Chairman Wolfgang took attendance.

Commission will review and approve November & December Meeting Minutes at February's regularly scheduled meeting on 2/14/2023.

Michael McInerney & Alan Davis from Modern Corp. presented a four phase plan entitled "Lewiston – Pathway to Sustainability." This plan is for a Lewiston to become a model community for recycling & waste management, to be introduced in four phases to ensure success and to better service the residents of Lewiston. The Commission welcomed this plan unanimously with a couple suggestions for Modern as well as the Town:

1. Chairman Wolfgang suggested a possible Ordinance change or Code change that ensures contractors provide and pay for dumpsters / recycling for projects, much like how they are enforced to have portable restrooms at job sites. This will limit the amount the Town is getting billed for tonnage. This suggestion would be for the Town Board to investigate. Memo to be sent separately.
2. Zach Collister suggested to Modern reps that in addition to the allowable recyclable items decal on the new recycling totes, that they add a label showing proper handling of totes for ergonomics.

Modern Corp. will schedule a meeting and tour of the new recycling center off Pletcher Rd once it is completed.

**Next meeting scheduled for February 14th, 7:00PM.**

B. Davey made a motion to adjourn, Z. Collister seconded the motion and the motion carried.
