Harry Wright called the meeting to order at 6:00PM. February 8th meeting Minutes were discussed. Zach Collister made a motion to accept the Minutes with the correction of misspelled name ("Zah to Zach") and to specify that it was Marjoie Maggard, not Lousie, that was to pick up the placques for the two approved homes. Brock Davey seconded the Minutes and the Motion carried.

#### **Current Business:**

Marjorie presented the Commission with the two placques that came in. There is a discrepancy as to the 2376 Ridge Rd home being designated or not. It is listed as not designated. Marjorie to look at Town records and verify with the rest of the Commissioners prior to issuing placque to home owner.

We will wait until better weather and an agreed upon date with home owne for the Kivi pacque presentation. Placques will be stored in the Town Historian's office until issuance.

Marjorie informed the Commission that she has received no responses to the letters sent to home owners for the placques. Zach Collister to issue another ten letters to the next top ten oldest designated homes.

John Jacobey informed the Commission that the Town and Village are not going to persua a grant for blue and gold historical markers.

#### **New Business:**

The Commission reviewed noted Lousie Wasko had made in regards to the Draft of the photo book prepared by Ed Millar. Due to time, the Commission was unable to complete the review of the book, therefor Brock Davey made a motion to table this item until next meeting; Zach Collister seconded the motion and the motion carried.
